Dear Batara Surya,

Your Manuscript entitled Handling Slum Settlement Based on Community Participation and Socio–Cultural Change: Perspective of Sustainable Development of Makassar City, Indonesia has been reviewed.

To prepare the final author version of the paper it is necessary:

(1) that you fulfill the requests of reviewer(s), below; Find in the attachment more detailed reviewers comments and suggestions.

{ $\$peerReviews$ }

(2) to make sure to rate each review; evaluation results are not available to reviewers; they are intended solely for the journal editorial board, as well as the web publisher, for deciding about the award and acknowledgments for reviewers.

Reviewer 1

Reviewer 2

Send us back your revised Manuscript (**2 versions: clean copy Word version and with track changes Word version**), as well as your **answers to Reviewers comments** (in a separate Word file) in one month period (until 14th October 2021). Furthermore, all figures must be sent as separate files in the appropriate format and the submitted manuscript must be technically prepared according to our Guidelines for

authors: <http://www.dgt.uns.ac.rs/en/homepage/pannonica/for-authors/>

If you do not send us all the requested files (three Word files) and technically prepared manuscript in due time, it will not be further considered and will be rejected.

Kind regards,

Jelena Dunjić, Technical Editor

Dr. Lazar Lazić, Editor in Chief

Authors Questionnaire

Please be sure to answer this short questionnaire. Its only purpose is to analyse the usefulness of reviews in order to improve the the reviewing procedures. Your answers will not be available to the reviewers.

Notes:

a. Rate the usefulness, rather than scientific level of the reviews.

b. Consult your co-authors if there are any.

1. introduction, setting the problem, topic conceptualization, selection and review of the literature cited*

- significantly
- partially
- not at all (or there was no comment/suggestion)

2. description of method, presentation of results (tables and graphs), statistical reasoning (inferences/conclusions)*

- significantly
- partially
- not at all (or there was no comment/suggestion)

3. results discussion, line of arguments, terminology, readability*

- significantly
- partially
- not at all (or there was no comment/suggestion)

4. overall quality, fundamental contribution, general conclusions, key messages*

- significantly
- partially
- not at all (or there was no comment/suggestion)

Dear Dr. Batara Surya,

It is my pleasure to inform you that your paper entitled "Handling Slum Settlement Based on Community Participation and Socio-Cultural Change: Perspective of Sustainable Development of Makassar City, Indonesia" is accepted for publication in our journal.

Before sending to the copyediting stage, the manuscript must be technically prepared according to our Guidelines for authors: <http://www.dgt.uns.ac.rs/en/homepage/pannonica/for-authors/>

Pay special attention to the reference citing, both in text and in the reference list (please see the Guidelines)!

Also, all the figures must be prepared in appropriate size and resolution (please see the Guidelines).

When you send us prepared manuscript, we will schedule the manuscript for publication! We will then send you prepared PDF version of your paper to check it before it is posted online.

We wish you (and us) many citations.

Thank you for the cooperation.

Kind regards,
Jelena Dunjic, Technical Editor
