Dear Authors,

Thank you for your precious research article submission to JDS.

I have attached the proof of your research manuscript. This manuscript has been selected for publication in November.

Please see the memo inserted in the file and correct as required.

If you would like to make any change, please indicate it by red color.

Below are the payment details and general guidelines.

1. Final revised Manuscript

- 1) Please revise the final paper in reference to the attached file and submit it.
- 2) You should remove the domestic journals quotation from the Reference because it is difficult to search abroad.
- 3) Prior to submitting your final paper, you must have a native speaker proofread it. If the paper is not proofread by a native speaker, it will not be published; you will not be notified if the paper is not published, so please make sure that the paper is proofread by a native speaker.
- 4) Please use the attached file, which has been styled and formatted.
- 5) If the literature is current, relevant, and broad enough to set the context for the research, you should engage with the discussion published in KODISA JOURNALS.
- 6) If you want to publish to JDS, it must comply with the distribution science in its major area. Therefore, use uniformly in terms of "distribution science" in titles, keywords, and texts. Be sure to write in consistent terms.
