Dear colleagues,

Nongye Jixie Xuebao/Transactions of the Chinese Society of Agricultural Machinery is an international, scientific peer-reviewed open-access journal published online monthly, free for readers, with article processing charges (APC) paid by authors or their institutions.

We have received the article you submitted, after initial processing it will be sent to experts for review. We will immediately inform you about any problems that could prevent the article from being sent to reviewing. Based on our policy of double peer-blind reviewing the first decision is given to authors about 20-30 days after submission.

All published articles are published in full open - access. They are distributed under the terms and conditions of the Creative Commons Attribution License (CC BY). The copyright is retained by the author(s). In order to provide free access to readers, and to cover the costs of peer review, copyediting, typesetting, long-term archiving, and journal management, Nongye Jixie Xuebao/ Transactions of the Chinese Society of Agricultural Machinery charges Publication Fee at the rate of EUR 400.00. All articles published in our journal are open access and freely available online, immediately upon publication.

We recommend that the authors use the academic text editing service for the scientific articles, not just proofreading. Please use the American English option. We recommend the use of large, trusted companies with editors having a Ph.D. degree. You should also attach an editing certificate or use the editorial office services. Articles that native English speakers do not edit are not allowed for publication. The editorial team provides academic proofreading services for the authors at an additional cost - EUR 80-150, if you don't attach an official English editing certificate. The fee's already included in the invoice.

This notification is generated automatically, if you have no objections to our offer, no response is required from you. If you have any objections to the further process of publishing your article or have any questions, please contact us at the editorial office.

Wish you good health and a nice day!

Sincerely,

Editor-in-Chief: Prof. Ren Luquan (ä, »ç¹¼-ï¼šä»»éœ²æ³%oo)

2. Payment receipt.

Please highlight the corrections in this article in Red. We hope you'll do great.

The reviewers recommend you:

The topic is interesting and important. However, there are several key areas that need more work.

Reviewers:

- 1 - Authors should better explain the criteria for the choice of the research object, as well as indicate the application of the findings.
- 2 - Much more explanations and interpretations should be added for the result, which are not enough.
- 3 - It is suggested to compare the results of the present study with previous studies and analyze their results completely.
- 4 - It is suggested to organize the conclusion section much better. Conclusion section needs to be described scientifically. Kindly frame it along the following lines:
 - i. Main findings of the present study
 - ii. Comparison with other studies
 - iii. Implications of study
 - iv. Strengths and limitations
 - v. Recommendation and future research

Please consider the reviewer's comments, and revise that as soon as possible.

Deadline for providing revised article and payment: November 15, 2023.

Title of your paper: Model for Strengthening Micro, Small, and Medium Enterprises in Supporting Sustainable Economic Enterprises

Corresponding Author's Email Address: abdul.karim@universitasbosowa.ac.id

Author(s): Muhlis Ruslan, Abdul Karim, Abd. Haris, Zulkifli, Restaria Julita

Keywords: institutional; entrepreneurial motivation; promotion mix; sustainable economic enterprise

Abstract: This research aims to find out the types of micro, small, and medium enterprise (MSME) models that contribute to the welfare of business actors and economic growth. This study aims to analyze entrepreneurial motivation, the institutional role of Cooperatives and MSMEs, and the promotion mix, as determinants of their influence on strengthening MSMEs in supporting sustainable economic enterprises. This study uses a quantitative approach to the survey method. Data were obtained through observation, documentation, and questionnaires which were distributed to 111 respondents spread across 15 villages in Anggeraja Sub-district. The results of the study show that entrepreneurial motivation, implementation of the role of Cooperatives and MSMEs, and the promotion mix positively influence the strengthening of MSMEs by 58% and sustainable economic enterprises by strengthening MSMEs by 73%. This research recommends a model for strengthening sustainable MSMEs in Anggeraja Sub-district, Enrekang Regency, South Sulawesi, Indonesia.
